

# FATIMA FLOWER

*Functional resume sample for career change*

---

## OBJECTIVE

High-level PHP developer experienced in game developing, HTML, CSS, website building, CMS (Wordpress, Joomla) looking for career opportunities in the new professional field. My goal is to implement my skills and knowledge in SEO optimization.

## EXPERIENCE

### PHP Developer

*Brian D'Amato, 2015-2017*

- Used MySQL to perform direct updates and queries to databases, created backups & restore
- Developed functional and appealing websites/interactive-applications based on usability, using a combination of front-end markup languages to code web pages

### PHP Developer

*MonitorBase | 2017-2019*

- Optimized Joomla 2.x architecture (including upgrades) and regional responsiveness for screens/devices/browsers
- Analyzed and optimized code base for clean up, debugging, and efficiency
- Integrated WordPress into a WebFlow design
- Worked across multiple departments to support applications that support customer service, marketing, production and web teams
