Karlynn Gold
Hiring Manager
Wipro Limited
745 Patterson Fork Road
Chicago, IL 60605

Dear Mrs. Gold,

I am seeking a challenging and rewarding technical position with a company that will allow me to continue expanding my skillset and knowledge base. I hope that my experience, in addition to my educational achievements, would make me a valuable member of your architect team.

I believe in architecture and its ability to make the world a better place to live in, which can be achieved through proper designing concepts, working methodology along with communication and team working skills. I can nature my talents in an esteemed work environment of a company, rendering my service with utmost sincerity, most importantly will continue learning and gaining knowledge as much as possible.

My wins as Architect in the past two years include:

1. Project Architect for \$1.2 million, 3,800 s.f. demolition and replacement for 3010 Wisconsin Ave. The top floor of a building that experienced a structural failure.
2. Arlington United Methodist Church- Replacement of failed structure.
3. St. Steven and St. Agnes Schools Alexandria- Early Learning Center design.

My additional skills include 3d character modeling and animation, understanding Unity, JavaScript, SketchUp, Photoshop and AutoCAD.

I would be happy to discuss my employment as an Architect with Wipro Limited with you at a time and place of your convenience.

Regards,
Doug Hanson
