PROFESSIONAL SUMMARY

My father inspired my grasp to pursue the medical field as a career. I perform in all that I do with one hundred percent confidence. I am a friendly, loyal and clearly dedicated individual who has the ambition to succeed in any given environment. Although I don't have extensive experience in the HealthCare industry, I'm ready to use my volunteer work experience in my future Phlebotomist position. I am currently in the Process of getting my Phlebotomy Certification for both pediatric and geriatric as well as very experienced with patient blood collection reactions.

SKILLS

- Outstanding communication skills along with patient handling.
- Communication and listening skills.
- Capable of maintaining electronic medical records.
- HIPPA (Health Insurance Portability and Accountability Act).
- Local/state healthcare laws knowledge.
- Urine, stool and blood collections.

VOLUNTEER WORK EXPERIENCE

PHLEBOTOMIST

Hockley Hospital, Shoshone, ID | June. 2019 – Oct. 2019

I've recently been working as a volunteer with Clinical Pathology Laboratories for a little over 4 months. I performed all phlebotomy skills needed to collect blood from all ages. I became familiar with heel sticks on babies, specialization in pediatric venipuncture, finding veins on difficult patients such as cancer patients, past or current venus drug users, as well as patients who have been plasma or blood donors for several years who have built up scar tissue in the process.

MOBILE PHLEBOTOMIST

Interactive Health Care, Raleigh, NC | June. 2019 – Oct. 2019

Traveled throughout the USA conducting free health screenings. Greeted patients and asked them fill out a health questionnaire form. Took samples based on physician's prescription. Communicated effectively with patients who were faint, and dizzy. Packaged samples in boxes provided through company and transported them to a Lab facility. Had a success rate of 98% without errors.

EDUCATION

- **NHA Certified Phlebotomy Technician, 2020**
- **First Aid and CPR, 2021**
