Human Resource Manager

Mrs. Ashlee McCormick

September 26, 2019

Dear Mrs. McCormick,

When I discovered that your Company was hired, I knew I had to apply. I've desired to find a company where I feel like I can make an impact while working as a Pilot.

I am an aviator with worldwide flight experience, having flown a variety of aircraft. I have proudly served over a decade to conquer challenges, meet mission demands, and exceed expectations in the United States' premier aviation and aerospace organizations.

I'm highly experienced in FMS, TCAS, ADS-B, AIRINC, ASAP, FAA NextGen, and Flight Data Analysis. ATP Type Ratings; A-320, B-727/737/757/767, DC-9, BE-300/350/1900. Extensive flight operations within; BOS, JFK, EWR, LGA, PHL, DCA, HDN, GUC, EGE, JAC, SFO, LAX, SAN, Amsterdam, Paris, Dubai, Kuwait, Doha, Bahrain, Jeddah and Riyadh Airport Terminal Areas. Specific training in; extreme Arctic, Arabian Summer and mountainous terrain flight operations.

I have maintained a 1st Class medical for decades and I'm in great shape and condition. I have a good background in FOM writing, procedural techniques and pilot training.

I would appreciate the opportunity to meet with you to discuss how my qualifications make me ideally suited to the position. Thank you for your time.

Respectfully yours,

Ryan Martin
